(2066.0340001)

#23/sb

I hereby declare that:

Each inventor's residence, mailing address and citizenship are stated below next to their name.

I believe the inventors named below to be the original and first inventor(s) of the subject matter which is described and claimed in patent number 5,915,841, granted June 29, 1999, and for which a reissue patent is sought on the invention entitled COMPLAINT FOIL FLUID FILM RADIAL BEARING

the specification of which

☐ is attached hereto.

☒ was filed on June 29, 2001 as reissue application number 09/895,568

and was amended on June 29, 2001, June 13, 2002, and by an amendment filed herewith.
(If applicable)

I have reviewed and understand the contents of the above identified specification, including the claims, as amended by any amendment referred to above.

I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56.

☐ I hereby claim foreign priority benefits under 35 U.S.C. 119(a)-(d) or (f), or 365(b). Attached is form PTO/SB/02B (or equivalent) listing the foreign applications.

I verily believe the original patent to be wholly or partly inoperative or invalid, for the reasons described below. (Check all boxes that apply.)

☐ by reason of a defective specification or drawing.

☒ by reason of the patentee claiming more or less than he had the right to claim in the patent.

☐ by reason of other errors.

At least one error upon which reissue is based is described below. If the reissue is broadening reissue, such must be stated with an explanation as to the nature of the broadening:

The full breadth of available claims was not captured in the patent as allowed. New claims 19-58 have been submitted in addition to the original claims. New claims 19-55 do not include elements in the original claims. For example, new claims 19-55 do not recite "a shaft rotatably supported within said interior bore of said bushing" as found in independent claims 1, 4, and 13.
